

Safe Alliance

**ANNUAL
REPORT**

2019-2020

MESSAGE FROM THE PRESIDENT

Adaptability has become the unofficial watchword of 2020. The pandemic ushered in a period of constant and extraordinary change – uprooting our familiar daily routines and forcing us to reevaluate (and sometimes reorganize) our priorities. This is certainly true for Safe Alliance, as the COVID-19 outbreak has increased the demand for domestic and sexual violence services. Our focus has shifted to creating a “new normal” that protects Safe Alliance staff and continues to offer the life-saving support that Mecklenburg County survivors need and deserve.

The pandemic has profoundly impacted the population we serve, with victims facing increased danger from abusive partners coupled with reduced resources (like lost/reduced wages and reduced social supports). Since March, we have seen a marked increase—as high as 45%—in domestic violence-related calls to our 24/7 Greater Charlotte Hope Line, a lifeline for Mecklenburg County residents. To meet the growing need for resources, Safe Alliance adapted our programs and services:

- In March, when it became necessary to socially distance at our shelter and reduce capacity from 120 to 70 people, we worked closely with Mecklenburg County to move 23 families to a Healthy Hotel. We've been providing support and staffing for both the shelter and hotel since that time.
- Early in the pandemic, the courthouse continued domestic violence court but could not allow supportive personnel on site, so we quickly shifted to phone-based services. During this time, our attorneys also increased their family law consultations. In September, the Victim Assistance Court Program resumed on-site court accompaniment and outreach.
- Sexual Trauma Resource Center advocates and counselors pivoted to provide services to sexual assault clients remotely, and in the fall began offering clients the choice of remote or in-person services.

Throughout the pandemic, I've been so proud of our heroic staff providing essential services and ensuring that victims were supported in their darkest hours. While we cannot forecast the future of the pandemic with any certainty, we do know one thing: Domestic and sexual violence do not go on lockdown, and neither will Safe Alliance.

Karen Parker
